Mobile Number- 8220025885

PROFESSIONAL SUMMARY

Seasoned iOS Developer with a successful history in crafting, building, and sustaining high-caliber mobile apps for iOS. Three years of hands-on experience covering the entire app development lifecycle, coupled with expertise in collaborating with cross-functional teams to deliver innovative and user-friendly solutions.

CORE COMPETENCIES

- Swift, SwiftUI, Restful API services
- Cocoapods , Data
- Firebase, Xcode
- MVC, MVVM
- UIKit, Core Data, and other iOS Libraries

AI Tool Integrations & APIs:

- **OpenAI API (ChatGPT, GPT models)** – for natural language features like chatbots and smart text generation
- **Claude API (Anthropic)** – for contextual reasoning and summarization
- **VAPI (Voice/Video APIs)** – for integrating real-time audio/video-based AI interactions
- **D-ID API** – for talking avatar and face animation generation from static images

PROFESSIONAL EXPERIENCE

Dot Com Infoway Ltd., Madurai | August 2022 - PRESENT

Working as a IOS Developer

- Design, build, and maintain applications for the iOS platform.
- Ensure high performance, quality, and responsiveness of applications.
- Collaborate closely with designers, product managers, and backend teams to define and ship new features.

- Identify and fix performance bottlenecks and bugs.
- Maintain code quality, structure, and version control using Git.
- Integrate RESTful APIs and third-party libraries for app enhancements.
- Implement secure data handling and local storage using Core Data and UserDefaults.
- Optimize UI for all iPhone and iPad screen sizes using Auto Layout.
- Implement push notifications and analytics tracking using Firebase.
- Research and integrate **AI-powered APIs (OpenAI, D-ID)** to enable smart features like chat assistance, content generation, and voice avatars.
- Participate in App Store deployment and release management.
- Provide post-release support and bug fixes.
- Conduct code reviews and mentor junior developers.

Percentage - 89.20%

CURRENT WORKING PROJECT

Direct Surety — *Bond premium calculator*

Contract Bond Premium Calculator is designed to provide a reliable tool to ensure precise calculations and informed financial planning.

- Used Swift (Xcode) for IOS Development, Developed from scratch.
- Last Updated - (February 2025)
- Not released yet.(under development)

LIVE PROJECTS

Clubinn Night Life — *Booking and Discovering night parties people App.*

Clubinn is an app where people can book and discover parties and DJs. Users can book tickets, get details about venues and DJs, add venues and artists, and search based on their location.

- Used SwiftUI (Xcode) for IOS Development, included Apple sign in, link share and fixed bugs.
- Last Updated - (January 2025)
- Link - <https://apps.apple.com/in/app/clubinn-night-life/id166149577>

Candor — *IBS , low FodMap diet App.*

Candor is a low-FODMAP diet app where people can log their food intake and stool type. Admins can post content based on the digestive system, which users can like and share. Based on user entries, a graph can be displayed to show how healthy they are.

- Used Swift (Xcode) for IOS Development, Created a new graph for Stool Types and fixed bugs.
- Last Updated - (August 9 2023)
- Link - <https://apps.apple.com/in/app/candor-ibs-low-fodmap-diet/id1558799593>

Rotary Madurai Metro Heritage — *community App.*

Rotary is a community app where we can explore information about the community and its activities, and connect with members.

- Used Swift (Xcode) for IOS Development, Upgraded the code to swift 5 and fixed bugs.
- Last Updated - (April 18 2023)
- Link - <https://apps.apple.com/in/app/rotary-madurai-metro-heritage/id1521205912>

OTHER PROJECTS

Hipsto — *News Feed App.*

- Used Swift (Xcode) for IOS Development, Updated to swift 5 and fixed bugs.

Crowd Maestro — *News feed for web series and movies.*

- Used Swift (Xcode) for IOS Development, Updated to swift 5 and fixed bugs.

Connect- EC — *Job Recruitment App.*

- Used Swift (Xcode) for IOS Development, UI Design bugs fixed..

Face Detection and recognition

- Used Swift (Xcode) for IOS Development, Used MLmodel.

AWARDS AND ACHIEVEMENTS

- I received the Award for “**NEW TECHNOLOGY ENTHUSIASTS**” in Dot Com Infoway.
- Awarded an incentive of “RS.1000”(November 2023) for recognition of outstanding contributions in Dot Com Infoway.
